

FEIFA 9TH ANNUAL SPRING CONFERENCE, LONDON

20TH MAY 2019

THE FEDERATION OF EUROPEAN
INDEPENDENT FINANCIAL ADVISERS

**FEIFA
CONTINUES TO
SUPPORT
ADVISERS
ACROSS EUROPE**

Delegates enjoyed a day of presentations covering areas such as investment themes and strategies, international retirement and tax planning, business transitioning, regulation, technological developments, skills training and....Brexit!

And as in previous years, presenting companies included major industry names.

FEIFA'S 10 YEAR ANNIVERSARY

As always, the key decision makers from the majority of FEIFA member companies travelled from across Europe to attend the Conference.

The Conference also commemorated FEIFA's 10 year anniversary. For the past decade FEIFA has supported the financial advice sector, enabling member companies to navigate regulatory changes and benefit from significant professional development services.
