

iPensions GROUP

Operating since 1998, iPensions Group brings deep technical knowledge and high-calibre service to the pensions sector. With a clear focus on technology and innovation, backed by a strong set of values, we evolve our services to ensure our offering is as robust tomorrow as it is today.

LEADING THROUGH INNOVATION

Innovative technology combined with decades of experience and talented people allows us to lead the industry in providing powerful pension support. We work with regulated advisers to provide a range of award-winning personal pensions for UK and non-UK residents.

“By continually enhancing our expertise we lead the pensions market.”

BUILT ON ROBUST REGULATORY COMPLIANCE

Led by a team of highly experienced and technical people, we have a robust governance system backed by detailed procedures. Our adherence to regulatory compliance provides advisers with the peace of mind, comfort and necessary support to help them protect their clients' interests.
